The Look Book

4 TWO-TONE LIPS

"A lick of fuchsia or magenta on your pout suits every skin tone and feels more dynamic, especially if you go for a two-tone effect," says Terry. First, moisturise your lips for a flawless canvas. We love Fresh Sugar Lip Treatment Advanced Therapy, £18.50. Next, use your fingers to apply colour and tap lightly over your lips. "Start at the centre and move out towards the edges. Bring more depth to the bottom lip by applying a lighter, more vibrant shade at the centre," adds Terry. *Cosmo* loves Diego Dalla Palma Pop Art Lipstick in 169, £14. Fake plumpness further by highlighting your cupid's bow. "It defines the lips subtly but it also brings the focus to the centre of the lips, where the colour is punchier," Terry explains. The contrast between the matt finish and the slight metallic edge makes it modern.

PAIR WITH: Lipliner. Not just confined to your gran's dresser, it's a foolproof colour-boosting tool when used like the pros, and it's great for building up colour that lasts for hours. Apply using a cotton swab or bud for softer edges. Try Rimmel Exaggerate Full Colour Lip Liner Definer in Indian Pink, £2.99. ➤
